

# AREC 2019

## **CONNECT. THINK. INNOVATE & GROW.** BY PAUL DUGAN

AREC 2019 revolutionised the way real estate agents approach business. It was guided by a panel of unique thinkers who are driving the future of the industry. As a business we gained invaluable insight into the innovative thinking, visionary ideas and personal triumphs of the world's foremost real estate identities.

Attending AREC was truly an opportunity no motivated real estate professional should miss in their career. We have now returned the office energized and eager to earn the best possible results for our clients!
